Medication Memo

Date: 1/12/2022
Subject: COVID-19 Therapeutics - Supply Details for Molnupiravir and Paxlovid
To: DUHS Prescribers and Pharmacists
From: Center for Medication Policy

Announcement

A new **DUHS Dashboard** has been launched to display real time inventory levels for the two oral COVID-19 therapeutics.

The **DUHS Dashboard** can be accessed by two ways in Maestro Care:

1. Go to My Dashboards and run the report or
2. Click on the link in the provider drug orderable – listed in the Reference Links

The report displays the Number of Treatment Courses for each agent at each DUHS Pharmacy location.

The Maestro Care drug orderable also has a link to the **NC COVID Treatment Finder** website

- Includes non-Duke pharmacies that have been shipped products
- Link found in the Reference Links part of the orderable: <https://covid19.ncdhhs.gov/FindTreatment>

Example Screenshot of the DUHS Report

Steps to Find the Dashboard in Maestro Care (also outlined with screen shots in the attached COVID Dashboard Look up)

1. Log in to Maestro Care
2. In the Search box in the top right corner, search for Dashboard
3. If you have a default Dashboard it will load and you will need to select the downward arrow to get the search screen
 - a. In the search box, type molnupiravir or paxlovid to find the Dashboard
 - b. Select the Dashboard, it will then load the inventory details for your viewing
 - c. You can Favorite the Dashboard
4. If you do not have a default Dashboard, then you can select “click here to open My Dashboards”
 - a. In the search box, type molnupiravir or paxlovid to find the Dashboard
 - b. Select the Dashboard, it will then load the inventory details for your viewing
 - c. You can Favorite the Dashboard
