

Thank you for your interest in the safe, tested COVID-19 vaccine.

There are many people currently eligible to receive the vaccine. We are committed to fairly distributing vaccines to our patients and all members of our community.

COVID-19 vaccination is available by appointment.

If you have a Duke MyChart account, you will be able to schedule your appointment through MyChart when an appointment is available.

You can also visit DukeHealth.org to schedule an appointment online.

If you prefer to schedule over the phone, you may call the Duke COVID-19 Hotline at 919-385-0429 to receive an appointment. The hotline is open every day from 8 a.m. to 8 p.m.
